Corporate Resume

Preferred Industrial Contractors, Inc. is a National Industrial construction, fabrication and maintenance company, headquartered in Baytown, Texas since 2010. We execute turnkey construction projects from scope development, safety management, project controls, project management, procurement, staffing, fabrication and construction.

We proudly serve the power, chemical, and refining industries. The strength of our management team and our commitment to excellence are evident in our track record of consistent completion of projects on-time and under budget.

We control cost, quality and schedule through the utilization of our own employees in the execution of our projects. We maintain a highly-skilled staff that is ready to execute your construction, fabrication and maintenance projects meeting your most challenging requirements for quality, safety, schedule and cost.
